

## Holy Trinity Homily

When you hear the phrase “God the Father” what thoughts enter your mind?

When you hear the phrase “God the Son” what thoughts enter your mind?

When you hear the phrase “God the Holy Spirit” what thoughts enter your mind?

When you hear the phrase “God the Father” what feelings emanate from your heart?

When you hear the phrase “God the Son” what feelings emanate from your heart?

When you hear the phrase “God the Holy Spirit” what feelings emanate from your heart?

God the Father, Son and Holy Spirit has gifted us with intellect and emotion and we have access to the Holy Trinity through these two gifts.

To be united with the Holy Trinity it takes our cooperation to be in tune with both our intellect and our emotion; our mind and our heart.

God is united with his every creation; we are free to choose whether we desire to be united with God in the Trinity; and free to choose or reject what has been placed in our mind and in our heart.

God the Father, God the Son, and God the Holy Spirit provide us with ample opportunities to be united with them in both mind and heart.

Are we willing to cooperate with the graces of the Holy Trinity?
