

13th Sunday in Ordinary Time B Homily

We are familiar with the gospel story about healing. Have you ever questioned why some are healed and others have not been healed of various diseases, illnesses or other life-debilitating physical or emotional difficulties?

Why do some people benefit from my prayers to Jesus for healing but others do not? Is Jesus testing my faith? When others are not healed I continue to pray that the will of the Lord be done. I leave it to the One who has the power to heal.

Jesus, I trust in you.
